- *Rugged construction ensures durability*
- *Integrated cable clip organizes and routes cables*
- *Easily attaches to LCDs that are VESA MIS-D, 100/75, C compliant*

The Neo-Flex LCD Arm is the perfect accessory to add flexibility to your LCD monitor or TV. Sleek and streamlined, it frees up desk space and allows you to easily adjust the height of your LCD. With the simple touch of a button, you can raise or lower the LCD to:

- Increase viewing comfort
- Reduce glare
- Meet the sight line needs of other users

For quick vertical adjustment, simply push the side button with one hand while lifting the LCD with the other hand. Then position the LCD where you want it and release the button. It's ideal for home and office use, especially for situations where several people use the same display.

Easily attach your LCD to the arm with four screws. Then position the height and angle of the LCD for maximum comfort and productivity.

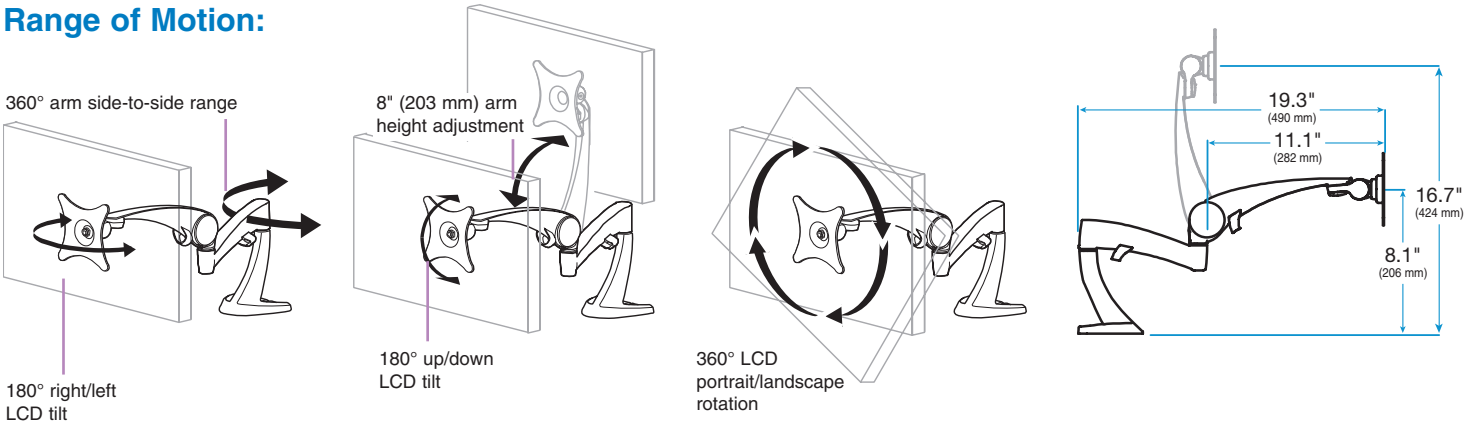
Gently press button and smoothly lift your LCD into the position that fits your needs.

Cables are guided along the underside of arm for a clutter-free desk.

Robust desk clamp base uses little space yet ensures stability even as the LCD is adjusted (optional grommet mount kit included).

The Neo-Flex LCD Arm is compatible with LCDs that are VESA compliant. Simply remove the existing base of the LCD, match up the hole pattern (75 or 100 mm), and attach the LCD to the Arm.

Range of Motion:



Basic Specifications:

Part Number: 45-174-300 (silver), Neo-Flex™ LCD Arm
